I was unable to  
build them back  
then.

I always loved  
them—

Putting them  
together, too—

*But—*

Real ones!

I can build them  
again! And most  
importantly,

CHAPTER 19 "LET'S BUILD, BUILD, BUILD"

# ナイト&マジック

Knight's & Magic

Are you serious about this?

The headmaster had a strange face, though...

It's a good thing we appealed directly to grandfather and we moved things along on a large scale.

Well, you're the one who brought it up, but we got some real results, so I can't say that I didn't go a bit overboard, too.

Yes!

Hahaha

And finally, we have an actual test. I'm so excited I can't stand it!

Ha

ha ha ha ha ha

I guess  
we can't  
approach this  
conventionally

Ah, I see.  
Guess I lose  
this one.

ha  
ha  
...

Let us  
take a  
bazaah!

Let us  
rest a bit,  
boss.

I don't  
want to draw  
any more  
plans.

THAT  
MEANS AT  
THE VERY  
LEAST, WE  
HAVE TO  
RETHINK  
THE ENTIRE  
BODY!!

Maybe  
I'll use this  
chance to  
try testing  
the temporary  
one.

Yes, I'll  
leave it  
to you.

Down  
it!

So we'll be  
needing a  
little more  
time.

I hope  
we don't  
have any  
problems with  
the sub-  
arms...

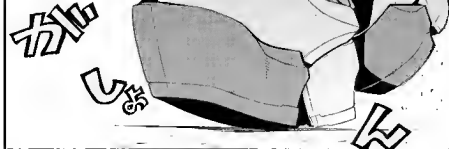

Understood.

You guys  
are in charge  
of that, after  
all.

I'll mess  
around with  
that until the  
preparations  
for the real  
sub-arms are  
ready.

Yes.  
It's much  
simpler than  
building a  
"normal"  
silhouette  
knight.

Especially  
because our  
middle school  
blacksmithing  
group is doing  
it by them-  
selves since  
we're short-  
handed!

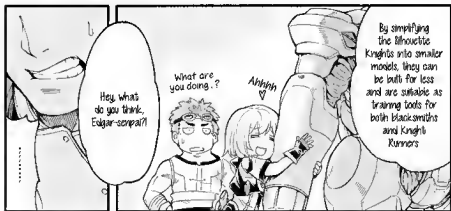

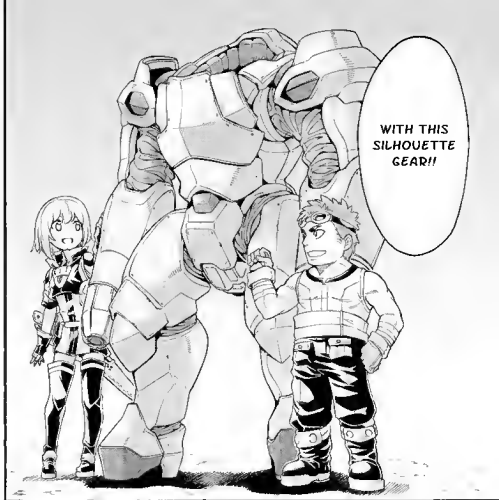

But I was  
surprised when  
you first told  
me about  
this...

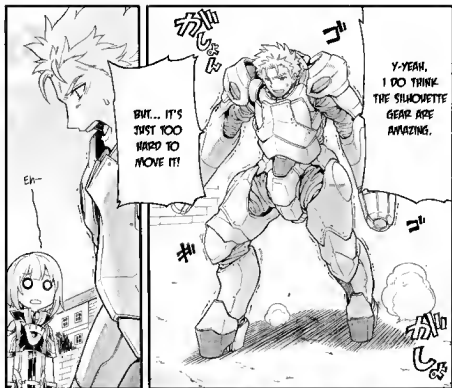

But  
with these, the  
Knight Runners will  
no longer have the  
problem of having  
too much free time  
on their hands.

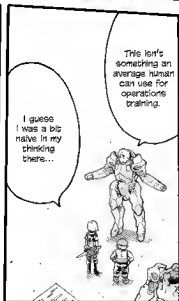

And  
that problem's  
gotten more serious  
because half of the  
Academy's Knights  
were significantly  
damaged in the  
battle with the  
Behemoth.

The academy  
has a chronic  
problem of not  
having enough  
Silhouette  
Knights for  
training...

I wanted to reduce the costs as much as possible, but I guess we can't solve this without some sacrifice...

I wonder if that's the only option.

Operating this for long periods makes it stuffy inside!!

Eru-kun!

Heh... You're pathetic, Edgar!

I'm trying to figure some stuff out, too.

Hmm

There's also a problem with ventilation...

...Di,  
you're  
showing  
quite a bit  
of motiva-  
tion for a  
change.

To think  
that you, the  
head knight  
of the Knight  
Runner  
Department,  
would give up  
so easily like  
that.

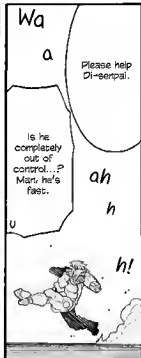

I can't  
just lose  
to you like  
this...!

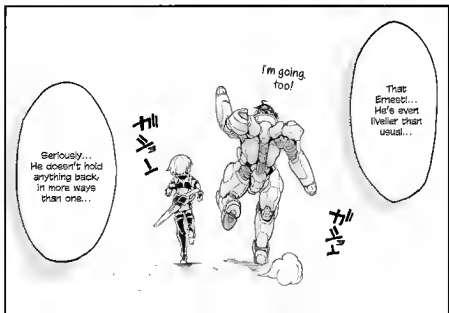

Eek...

Yeah,  
there'd be no  
competition  
other—
